

STAFF ASSESSMENT: SL Update

Proposal	AFPUB-2018-v4-001-DRAFT-01
Title	SL Update

1.0 Staff Understanding of the Proposal

a. Modifies CPM 5.4.7.2 by revoking the Board's authority to replenish the IPv4 pool with any address space available, at the Board's discretion.

b. Provides that the /12 reserve in 5.4.7.1 be put back into the pool for allocation under phase 2 if the /12 is still unused by the time phase 2 space is exhausted.

2.0 Staff Comments

None

3.0 Comments from Legal Counsel

None

4.0 Implementation:

The proposal will be implemented within the timelines provided for in the PDP.

4.1 Timeline & Impact

Impact is minimal.

4.2 Implementation Requirements

After phase 2, the reserved /12 returns to free pool for distribution under phase-2 policy provisions.
